The Wildwood is an enticing single-story home with 4 bedrooms and 2 baths. An enormous step-down family room and formal dining room have convenient access to the excellently equipped kitchen. The family and living rooms have woodburning fireplaces and large window areas. And a luxurious master bedroom suite, large enough for a sitting area, contains a charming window seat, private bath with separate tub and shower, and huge wardrobe closers.

FIRST FLOOR

The Countryside is the epitome of square footage luxury. A striking stairway leads to the upstairs bedrooms. A huge master suite has both wardrobe and walk-in closets, spacious dressing area, private bath, optional third fireplace and sauna. A second master suite contains a walk-in closet and private bath. Other distinctive features of this sensational home include a sunken living room with woodburning fireplace, 3-car garage with adjacent laundry/service area and island kitchen. This 2-story plan has 4 bedrooms, 3½ baths plus a 5th bedroom/den option.
